BRIEF SUMMARY OF PROBABLE CAUSE

On Sunday, December 6, 2020, I received information from BreAna Giles that Jack Sigler had been burglarizing homes of deceased subjects and was in possession of stolen property. Trooper Severson and I contacted Jack Sigler at his residence, 1040 S Crestline Dr, Waldport. Jack consented to us searching his living space which is in the detached garage. I observed a small room which appeared to be Jack's bedroom in the garage on the property. As I entered Jack's bedroom space I observed gold colored Chinese throwing stars on a shelf to my right as I faced Jack's sleeping area. I asked Jack to lift up his mattress and observed several samurai swords underneath the mattress and wood rail frame the mattress lays on. Trooper Severson called Detective Dorsey and advised her of our findings.

Detective Dorsey confirmed the resident, Ronald Remy, at 1680 S Crestline Dr #3, died on November 24, 2020. Detective Dorsey told me some time between Ronald's death, November 24, 2020 and December 1, 2020, his residence had been burglarized and samurai swords had been stolen. Detective Dorsey told me Ronald's landlord, Mark Campbell, secured Ronald's residence on December 1, 2020 after noticing the samurai swords missing.

Later, Detective Dorsey contacted Jack who provided more stolen property he stated he took from Ronald Remy's residence. Detective Dorsey told me Jack provided her with the following: (1) Calligraphy set in a black case, (1) black Dell Laptop 16" screen with a power cord with "Remy" label, (5) gold throwing stars, (40) \$1.00 gold color coins in black USA Sport bag, Jewelry including (16) rings, (1) necklace, (1) bracelet, cufflinks, (7) folding pocket knives, (2) silver metal throwing stars, (19) assorted watches in Footjoy black bag, (1) nun-chucks, (17) Assorted swords, Coin Collector Book with (12) coins, (1) red Makowsky purse with silver metal trim, totaling an estimated value over \$1500.00.

Detective Dorsey told me Patricia Campbell told her Jack confessed through Facebook Messenger that he burglarized Ronald Remy's house a total of three times, one time the first night and two times the second night. Detective Dorsey told me Patricia allowed her to take photographs of her and Jack's conversation. I reviewed the photographs of Patricia and Jack's conversation. I observed Jack message Patricia on Facebook Messenger on Sunday, December 6, 2020 around 1057 PM stating "Sorry....i messed up, but I didn't kill marc", "I wouldn't ever hurt anybody. A long day though, im home", "Im not in jail", "I didn't do it". I observed Patricia asked Jack, "I need to know did you do the breakin a few days earlier, the samurais"; I observed Jack replied, "Yes I did". I observed on Monday, December 7, 2020, Patricia asked Jack who he was with that night and Jack replied,
